LOCAL.
—There are 142 pupils attending Red Deer public school.
—Mrs. Gregg left for Calgary this morning on a visit.

—John C. McDougall left for Lacombe this morning.
—Chief Justice Sifton returned to Calgary this morning.

—The ice on the Red Deer river is rising and will soon go out.
—Mr. and Mrs. Perrett left this morning for Wetaskiwin.

—Rev. J. C. Wace, New Lunnun, spent Sunday and Monday in Edmonton.

—K. W. MacKenzie was on the street yesterday for the first time since his long spell of illness.

—Mrs. (Inez) Constantine will give an at home in Robertson Hall Thursday evening, April 16th.

—J. F. Fuch, of Kansas City, is in town this week looking up opportunities for investment. He will likely open up a real estate office in Edmonton shortly.

—The baseball boys have commenced practice, and will soon be in shape for the summer. Red Deer expects to turn out a team this year that will beat anything on the line or in the hierarchy—Red Deer Echo.

—J. F. Patenaude, who has been operating a saw mill at Vermilion has moved to section 6-59-25 where he will start this summer. With a twenty horse power engine Mr. Patenaude can saw 500,000 feet of lumber in 45 days.

—A meeting was held in Sheriff Robertson's office last night to consider the forming of a young men's club. Preliminary arrangements are left in the hands of a committee to report at a meeting to be held next Monday evening.

—The Alberta Herald is the name of a new German weekly newspaper which will be issued in Edmonton. Mr. Koerman, late of the Winnipeg North-western, is editor and proprietor. He has secured offices in the Bulletin block. The first issue will probably appear on Friday, April 17th.

—A new five column eight page paper. The Reporter will be published at Fort Saskatchewan the first week in May. W. J. Hunter, who has been connected with the Bulletin for the last ten years, will be editor and proprietor. Mr. Hunter leaves for the West next week to make arrangements for the issuing of the paper.

—J. Brunelle & Co., real estate agents, are vacating their present quarters and will erect, at once, a real estate office, 14 by 30, on one half the vacant lot lying between Brinsford's vacation rooms and Williamson's brick butcher shop. The other half of the lot will be immediately built on by Haldane & Co., real estate agents.

—Train left Red Deer on time.
—Seeding has begun at Regina, Assinibola.

—Jas. Kiasch arrived overland from Battleford yesterday.

—F. L. Richardson left for the Kootenay this morning.

—P. K. McDevish of Calgary, arrived in Edmonton last night.

—A part of five land seekers left for Battleford this morning, overland.

—Weather: Yesterday maximum temperature 50. To-day minimum temperature 28.

—Fifteen English families will arrive at Edmonton shortly to settle east of Birch Lake.

—Old timers are prophesying a big storm of some description. There is not a summer bird in the country as yet.

—Chas. Geo. Jones, piano tuner, Edmonton, has been appointed district agent for Heintzman & Co., piano manufacturers, for the district of Alberta.

—John McDonald of Cardiff, Wales, arrived in Edmonton last night with his family. Mr. McDonald is a relative of D. R. Fraser, with whom he is at present staying.

THE BY-LAWS.
By their votes yesterday the electors of Edmonton proved themselves progressive and enterprising. Some time ago the Canadian Northern officials signified their willingness to come to Edmonton through the main line of their railroad through to the coast. It was understood that the town would have to grant a station site.

Mayor Short and Councilor Gallagher interviewed the Hudson Bay Company officials, Winnipeg, whose land was selected by the C. N. R. Co. as the most suitable railway site, and secured the best possible terms from them. They then interviewed the C. N. R. authorities and succeeded in getting \$5,000 from them to help purchase the site.

This left the town to raise \$15,000. In order to close the deal program, business men of the town immediately signed a note for the above amount, pending the ratification of the action of the council in the matter by the ratepayers. An additional \$15,000 was required to purchase the right of way through to the station site and yesterday by an almost unanimous vote the by-law to provide this \$30,000 was carried. The voting was:

For the by-law, 129.
Against the by-law, 4.
Cancelled vote, 1.

Edmonton owns her own electric light system and it is being operated by skilled and responsible men in an economical way as possible. However, no machinery but the best is installed as it is believed the best is the cheapest in the end. Additional expenditure has been necessary in view of the increasing capacity of the system, a by-law to raise \$25,000 was yesterday submitted to the electors and received their complete endorsement. The voting was:

For the by-law, 130.
Against the by-law, 4.

The Mayor, Council and Board of Trade are to be congratulated on their efforts to secure railway facilities for Edmonton and thus build her up to what she is destined to be—the great metropolis of the north.

TUESDAY, APRIL 9, 1901.

COUNCIL MEETING.

The special meeting of the Edmonton town council was held in the council chamber last night commencing at 8:30 o'clock. Mayor Short and Councilors Gallagher, Ross, Grierson and Fraser were present.

The first matter of business taken up was the reading of tenders for lot 26, 37, 38, block 4, river lot 14. There was only one tender that of Forbes & McDonald for \$215. The offer was considered to be insufficient. Mr. Graham's offer was also insufficient.

A petition was presented by K. A. McDonald signed by 187 ratepayers eligible to vote on a money bill, requesting the council to recommend the Hutton property as a suitable site for a post office. K. A. McDonald and C. W. Satter addressed the council in support of the petition. It was suggested that if the Hutton site were too small, it could be increased in frontage. A long discussion followed. Moved by Couns. Ross-Fraser that in the opinion of the council the Hutton site is the best and most central and that a copy of Mr. McDonald's petition be forwarded to Mr. Oliver, M. P., Ottawa. The motion carried without a dissenting vote—entirely unanimous. Moved by Couns. Grierson-Fraser that the council do not at present send a delegation to Ottawa but leave the two sites and petitions in the hands of Frank Oliver, M. P., with the recommendation of the council in favor of the Hutton property.—Carried unanimously.

By-laws 236, 237, were finally confirmed by the unanimous vote of the council.

T. A. Stephen wrote the council of firing \$100 for the old town site. It was moved and seconded by Couns. Gallagher-Fraser that Mr. Stephen be notified that the town required the site.

By-law 242, a by-law to amend fire by-law 181, for the preventing of fires was given three readings and was finally passed on motion of Couns. Ross-Fraser.

By-law No. 238—a by-law respecting sewers; by-law No. 240—a by-law respecting house sewer connections; by-law No. 241 respecting sanitary conditions of buildings and plumbing were all given three readings and finally passed by the unanimous vote of the council.

The meeting then adjourned at 11:45.

WAS SIR JOHN GUILTY?

April 2.—The case of the late Major General Sir John West, who committed suicide in a Paris hotel, while charged with immorality was pending against him, was brought up in parliament yesterday.

A question was asked why the statement of Governor Sir John West, who was charged with immorality, was not given in evidence in the court martial, and the reply of the government authorizing him to do so which apparently had been done. There was no implied condemnation of Major General Macdonald in the statement of Governor Sir John West. It was a very serious charge which had been made, but he expressed the hope, which I am sure was shared at that time by everybody, that the charge would be disproved.

BEAVER BILLS.

A large number of our people took in the temperance social at the Fort on Wednesday night. They report a good time.

R. Hart and Mr. G. Dole visited Edmonton on business this week.

John Mohr is busily engaged hauling stone for his new residence.

Land is advancing in value in the neighborhood, some sales being reported this week.

Mr. Chisholm is at present placing telegraph poles along the Victoria trail.

Mr. and Mrs. A. Whitehead, of Star, spent a short time visiting friends in our neighborhood this week.

WINNIPEG MARKETS.

Commercial, April 1.
Wheat—Manitoba wheat has been quiet and steady most of the week and ready to respond to the advances in outside markets. The figures at the close of yesterday's business show an advance of 1c on the week and we quote 1 hard, 72 3/4-73; 1 northern, 72 1/2-73; 2 northern, 70 1/4-71; 3 northern, 67 1/4-68; spot or delivery first half April and for May delivery, 1 hard, 73 3/4-74; 1 northern, 73 1/2-74; 2 northern, 71 1/2-72; 3 northern, 68 1/4-69; all in 60s. Fort William, Port Arthur or Duluth.

Outs—There is a steady demand for oats for shipments east, and most of the movement is in that direction. There is also a good general demand throughout the country consequent upon the large increase in the number of horses this spring. The new settlers are all buying oats for their stock. Prices are stiffer, and about 1c above the level of a week ago. No. 1 white in carlots on track are worth 32c per bushel. No. 2 white 30c, and feed grades, 28c. Farmers' loads on the street are bringing 28c, and at country points about 2c. Brokers are asking 25 to 26c for carlots in the country, at 16c points. Seed oats are worth 35c per bushel.

Barley—Movement is light and prices unchanged from a week ago. Sales have been made this week at 38c for ears of No. 3 barley, Fort William. Dealers are offering 38c per bushel for May barley, delivered after the opening of navigation. About 30 1/2-31 is the value for spot in carlots on track.

HOTEL ARRIVALS.

Saturday.

AN OPEN LETTER.

To the Builders of Edmonton District.

Gentlemen: No doubt you have heard and read in the papers recently a great deal about the so-called "LUMBER COMBINE," and the consequent advance of prices. In this connection a few statements of fact from us may be in order. The manufacturers of British Columbia advise us that the advance in prices is due to the increased cost of labor and of materials and that this justifies the advanced prices to the trade. Whether this is true or not we are not in a position to judge. But we do know that it is very difficult to get orders for B. C. lumber filled with any degree of promptness. Many of the mills are sold out of stock and cannot at present ship a car. We therefore claim that the advanced prices is due to scarcity of lumber. The price of any commodity is regulated in our day not so much by the cost of production as by the general demand for the commodity.

As to our own prices we beg to say that we are careful to see that they bear a right relation to cost. We cannot help the rise in B. C. lumber, because the cost price is considerably advanced. But in the lines of our own manufacture such as Windows, Doors, Frames, etc., our prices are lower than the prices for the same articles either in British Columbia or Manitoba. This will indicate to you our position in this matter.

In view of the scarcity referred to if you are building or intend to do so, we advise you to place your order with us as soon as possible so that we may get in a position to fill it when required. We promise to do the very best for our customers that circumstances will permit.

Very Truly Yours,

PICCADILLY—THE BEST

MEN'S CLOTHING

Men's Suits, some new ones. Just about now you'll be glad to see some distinctly new goods, fresh ideas in the way of fabrics—large plaids, broken checks, narrow stripes in brown and gray effects—in fancy chevrons. The man who wants something "a little different" will appreciate the present showing of

PICCADILLY CLOTHING

There is a difference in clothing as in men. There are no better clothes made than those we are showing, but there are higher prices. A hot iron and a ton weight can press out a poorly made suit so that it looks very fine in a window. But only good, careful tailoring and all-wool cloth can make a suit hold its shape and look well for months and months. No need to argue with yourself, even though you have a good suit or overcoat. Will not another be welcome, if it's but to relieve a monotonous sameness? Many of these suits are of medium weight, and you could not find better for spring service. They are all identified by the "PICCADILLY" label. That makes them all the more desirable.

A good address goes a long way in aiding a man to forge to the front. We materially assist in giving you a presentable appearance by furnishing fashionable cut attire at prices below tailor made. Elegant patterns, careful workmanship. No clothing fits like ours.

PICCADILLY—THE BEST

BOY'S CLOTHING

CLOTHING THAT DEFIES JUVENILE GYMNASTICS

As a parent you know how near useless it is to admonish youngsters not to soil or tear their clothes. The only remedy is to get good clothes, but don't pay too much for them. Clothing is cheaper for a healthy boy than doctors' bills for a sick one. We plead for the boy's boy.

PICCADILLY—THE BEST

RAIN PROOF OVERCOATS

Cravenetted fabrics go through a process that goes to the foundation of the cloth—the very fibres that make the wool that makes the yarn are made non-absorbent. No earmarks of waterproof, no odor—no stiffness—is porous to air. The power of "cravenette" is in disguise until attacked by rain.

On each Lot enough may be grown to support a family.

The property adjoins Little's brick yard on the South, the Experimental Farm on the North, and overlooks the Saskatchewan on the East.

The opposite bank of the river, rising in natural terraces from the water's edge to an average height of 150 feet, beautifully wooded, affords A PANORAMA OF HARMONY AND DELIGHT.

Edmonton has passed the experimental stage, and will possess in a few years a metropolitan population.

The Railway Question is settled. The Canadian Pacific, Grand Trunk and Canadian Northern are assured quantities.

A fact not generally known substantiates that Edmonton will be a terminus for some years, is that the carrying capacity of the Canadian Pacific exceeds the Oriental and British Columbian trades combined, and the three great roads mentioned will halt before pushing on to the Pacific, thereby making our city of vastly more importance than it would otherwise have been.

Much of the timber is primeval. The principal streets will be boulevarded, and ancient growth furnish overshade.

Maps and schedules of prices open for inspection at . H. Hooper Company's Office on May 4, 1903.

The Great Stores

of the Great West

"Fitwell"

That is the name of a line of Men's Boots we are now offering. There are several other names which would have been equally appropriate for these Shoes. "Lookwell" or "Wearwell" would have done equally well.

These Shoes are all sold at a uniform price, and that price is stamped on the sole—\$3.50.

DON'T THINK because this Shoe costs only \$3.50 that it is a "cheap" Shoe. It is nothing of the sort. It is a high-grade Shoe in every possible respect, except in the matter of price.

THERE ISN'T A MAN who reads this advertisement who has not at some time, possibly all the time, paid \$4.00, \$4.50 or even \$5.00 for a Shoe much inferior to the "FITWELL."

"FITWELL" Shoes are now in stock in Box Calf, Vici Kid and Enamel.

THERE ARE 3 REQUIREMENTS to be attained when you buy a pair of Shoes: 1st, perfect fit; 2nd, correct style; 3rd, good service for the money. Inspection will convince you that "Fitwell" Shoes fill the 1st and 2nd in an eminent degree. For the 3rd you will have to take our word, but our name is stamped on every pair, and you can always have your money back by asking for it, if wear is not entirely satisfactory.

WILL OFFER ON

MONDAY, MAY 4th, 1903,

200 = LOTS = 200

A portion of the ROWLAND ESTATE, otherwise known as "THE SYNDICATE."

Plans and Prices can be seen at the Office on and after the date mentioned.

This is the closest and best property available, and the choicest in and about Edmonton. The furthest part is from 10 to 15 minutes from the post office. The property is eminently the people's portion: is not controlled by a policy of inertia dictated by "Hebraic Hatred." The surveys conform to existing ones, and the streets will be projected to their legitimate confines. Building Sites on the verge of the hill overlooking the mighty Saskatchewan, the foliage and verdure of whose banks is not exceeded by the fiercest tropics or softest Pacific scenes, abound. Prices will be uniform and moderate, tempered as a corrective of the present indefinite craze.

TERMS.—One third Cash. Balance 6 and 12 months, interest 8 per cent. Agreements \$2 each, transfers free.

PARTY POLITICS IN THE TERRITORIES

Winnipeg, April 2.—Mr. D. H. McDonald, of Qu'Appelle, the leader of the opposition in the Northwest legislature, was in town yesterday. Interviewed by a Free Press representative as to the present status of matters political in the Territories, he said that a good deal of interest had been aroused by the holding of the Moose Jaw conservative convention, at which a resolution was adopted favoring the introducing of party lines at the next election. A great many people think that Mr. Haultain, who took part in this convention, has overstepped the mark in view of the fact that he is the leader of a non-political assembly and government, being elected only last year on this basis. Further, Mr. Haultain's principal colleague, Mr. Bulger, is a liberal. Mr. Haultain's acceptance of the position of honorary president of the association binds him, in Mr. McDonald's opinion, to accept the position created by the resolution, although he may not have actually supported the motion himself. Anyone can readily understand that if it is the intention to introduce party politics at the next general election this will inevitably mean the working towards this end from this time forward.

If the position taken by the conservatives at the Moose Jaw convention is adhered to, it will have but one effect, in Mr. McDonald's opinion—that of placing the liberals on one side and the conservatives on the other. For this reason Mr. McDonald says the people of the Territories are looking for interesting developments when the legislature meets on the 18th of this month. A large number of people think that when provincial autonomy is granted some party should be held responsible for any bargain. Under present conditions there is no party that could either claim credit or take the responsibility for a matter of this kind. All of these questions Mr. McDonald says are interesting the populace and the developments of the situation will be watched with interest.

SETTLERS FOR THE WEST

Free Press, April 2.—The Canadian Pacific express from the east is in four sections to-day, the passenger department having advised of about 1,000 people to arrive as immigrants and new settlers. The first train reaching here at 3 o'clock is a special with about 300 settlers, the second the regular express, and is not due until some time after 4 o'clock. Two other immigrants specials follow, the last to arrive about 10 o'clock this evening. On the three sections of yesterday's

train from the east, which arrived yesterday afternoon and evening, were 1,000 people. The first section brought in 133 people. This was the regular express, arriving at 3 o'clock. The second section brought in 516 passengers, and the third section, arriving at 6:30 p.m., had on board 353 passengers. With to-day's trains over 2,000 people will have been carried into the Northwest from the east inside of 24 hours.

A number of new arrivals from the old country were at the provincial buildings this morning looking for "the government exchange office." They had some English gold which they wished changed for Canadian currency, and stated that they had applied at one of the banks down town, but all they could obtain for a sovereign was \$1.80. They were directed to the Dominion government bank at the post office.

READY-TO-USE HOUSES FOR THE WEST

Regina Leader.—The Hastings mills at Vancouver have received an order for 40 knockdown houses for the Northwest. This is the first time such houses have been ordered in Vancouver, but it is not a new thing by any means. In many portions of the States, where new towns spring up rapidly, such houses are ordered to be shipped long distances by rail. The timber which goes to make up the house is all cut, planned and fitted, and the different pieces numbered and marked according to the plan accompanying each house. In fact the house is practically built in Vancouver and then taken to pieces again and shipped by train to the Northwest.

TO PROTECT THE NATIVES

As soon as the spring opens up, a detachment of the Northwest Mounted Police will leave Winnipeg for the mouth of the Mackenzie river, say the Kamloops Sentinel, their idea being to put a stop to the debauching of the natives in that region by American traders. The traders guilty of this conduct are the sailors employed in the Whale fisheries in the Arctic sea, who have established a permanent depot at Herschel Island. Superintendent Constantine will have charge of the party.
